## **Visit of Class 55 55019 'Royal Highland Fusilier' – Cancelled**

The Spa Valley Railway regretfully announces that the planned visit of Class 55 55019 'Royal Highland Fusilier' to the line for our Summer Diesel Gala and subsequent Deltic Driver Experience and Deltic Running Weekend will no longer be taking place due to the locomotive being unavailable.

A tremendous amount of work has been undertaken on 55019 recently and it is unfortunate that the locomotive will no longer be able to visit us.

We will endeavour to find a suitable replacement locomotive however with such a short period of time prior to the event to go this is not guaranteed. As ever we will do our best.

Our sincere apologies to all those that were looking forward to the visit of the Deltic to our railway. We will be in touch with all those pre-booked for Driver Experience and the Deltic Running Weekend shortly to offer you refunds or a change to an alternative product.

The event on the 3<sup>rd</sup> to 6<sup>th</sup> August will still take place to the best of our ability with the locomotives we have available.
