	Platform	1	1	1	1	1	1	1	1	2	1	1

Deltic hauled trains will be formed up of 3CIG 1497 and also Class 73 73140 at the Eridge end. 73140 is provided due to lack of run round facilities and our headshunt at Tunbridge Wells West not being long enough to accommodate 55019. 73140 will haul the train from Eridge Ground Frame into Platform 2 at Eridge and propel the train from just outside Tunbridge Wells West station into Platform 1 or 2. 73140 will otherwise not be running.
