Every October since 2011 we have held this increasingly popular event, attracting lovers of good drink and vintage rail to Tunbridge Wells, Groombridge & Eridge. Hopefully many of you will be returning visitors, but here's a brief outline for those who aren't.

The festival has two components – beer and trains. You can enjoy just the festivals at the stations or experience the whole event by purchasing a train ticket and travelling along the Spa Valley Railway. Entry to the beer festivals and bars at our stations is **FREE** throughout the event.

You will need to 'get' a glass (which you can keep as a souvenir) and buy a beer card, both of which are part of a 'starter pack'. Beer and cider is available in the Engine Shed in Tunbridge Wells, on the set A & B trains and at both Groombridge and Eridge stations.

To travel on the trains you must buy a ticket at the station or online.

The list of drinks is taken from a master spreadsheet and we then select where they go along the railway, which is not always in numerical order, hence the number sequence on the following pages might seem odd!

BEER & CIDER SALES ARE VIA BEER CARD ONLY – BEER CARDS ARE NON-REFUNDABLE SO PLEASE DO NOT BUY MORE THAN YOU NEED!

Some speciality beers, ciders & keg beers are individually priced and not always available as pints.

****Allergen information available at Tunbridge Wells West, PLEASE ASK****

What is Kent Green Hop Beer?

Kent Green Hop Beer is beer made with fresh, or green, Kentish hops – instead of using hops that have been dried as is more traditional in brewing. The beers have a characteristic fresh taste because the hops used contain many of the oils that are normally lost when hops are dried. Breweries make sure the hops are as fresh as they can be by using them within 12 hours of being picked. This event is one of the largest gathering of Green Hop Beers in the UK!
